National Anthem

by Francis Scott Key

O say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming;
Whose broad stripes and bright stars, thro' the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air
Gave proof thro' the night that our flag was still there.
O say, does that Star-Spangled Banner yet wave
O'er the land of the free and the home of the brave!

Alma Mater

by Fred Lewis Pattee

For the glory of old State,
For her founders, strong and great,
For the future that we wait,
Raise the song, raise the song,

Sing our love and loyalty,
Sing our hopes that, bright and free,
Rest, O Mother dear, with thee.
All with thee, all with thee.

When we stood at childhood's gate,
Shapeless in the hands of fate,
Thou didst mold us, dear old State,
Dear old State, dear old State.

May no act of ours bring shame
To one heart that loves thy name,
May our lives but swell thy fame,
Dear old State, dear old State!

COLLEGE OF ENGINEERING COMMENCEMENT

Spring 2022 Baccalaureate Degrees

PROGRAM NOTES

The bachelor of science degree is conferred after the satisfactory completion of eight semesters of study. The bachelor of architectural engineering degree requires ten semesters of study.

Students who have satisfactorily completed the advanced course in military, naval, or air science may be granted commissions upon graduation. Military and air science graduates are commissioned as second lieutenants; naval science graduates may be commissioned as ensigns in the U.S. Navy or second lieutenants in the U.S. Marine Corps.

HONORS GROUP: This group comprises those students who have completed the required number of credits at the University and who are in the top 12% of their graduating class in their college. The 12% is divided into 2% "Summa Cum Laude," 4% "Magna Cum Laude," and 6% "Cum Laude." Honors are noted with asterisks (* = Cum Laude; ** = Magna Cum Laude; *** = Summa Cum Laude). This list was produced on March 21, 2022, as an unofficial list of graduating students earning honors.

STUDENT MARSHALS: College of Engineering student marshals are chosen on the basis of their outstanding academic achievements and contributions to engineering student life.

ABOUT OUR COMMENCEMENT SPEAKER

NICOLA PALMER

CHIEF TECHNOLOGY AMBASSADOR, VERIZON

Nicola (Nicki) Palmer is Chief Technology Ambassador at Verizon. She works with business leaders, industry partners and consortiums, nonprofits, and universities to ensure Verizon is at the forefront of technology and innovation now and into the future.

Prior to her current role, she served as Verizon's Chief Product Development Officer, overseeing the exploration of new technologies and creation of products and platforms that solve problems for individuals, enterprises, and society.

Nicki began her career at Bell Atlantic, a Verizon predecessor company, in 1990 and has held a number of leadership positions in engineering, operations, and technology supporting advanced data and wireless products across customer segments. She has served as Verizon's Chief Engineering Officer as well as the Chief Technology Officer of Verizon Wireless.

Nicki is widely recognized as an influential leader in technology and telecommunications. Her awards include being named one of the

Most Influential Women in Wireless, a Top 10 5G People to Watch, a Top 100 CIO/CTO Leader in STEM, a POWER Woman by Moves Magazine, and highlighted as a Female Disruptor by Authority Magazine.

Nicki is a passionate advocate for promoting education and careers in Science, Technology, Engineering and Math (STEM), especially for women. She serves on the board of directors for the National Academy Foundation and chairs its STEM Advisory Committee with the mission of providing more opportunities for high school students to be college, career, and future ready. She also serves on the board of BreakThroughTech, an initiative of Cornell Tech that works at the intersection of academia and industry to propel more women and underrepresented communities into technology degrees and careers. Nicki is a member of Penn State's Corporate Advisory Council as well as a board member of the Global Women in Telecom Network. She also serves on the board of nVent Electric plc.

Nicki earned a B.S. in Industrial Engineering from Penn State and an M.B.A. from the University of Pennsylvania's Wharton School. She is a proud wife, mother of three, and breast cancer survivor.
