 □ (2005/ACE) 28 tracks - 16 page color booklet 28 raw primitive rock instrumentals from the legendary Cuca label of Wisconsin - the farming state caught in a rockin' time warp while the rest of America wimped out. Best known for the 1960 mega-hit 'Muleskinner Blues' by the Fendermen, as well as the R&B hit 'Spring by Birdlegs & Pauline'. Cuca was a very big deal locally. Owner Jim Kirchstein ran his own studio and even pressed his own records. Between 1959 and 1969, he put out hundreds of records on Cuca, Sara and various subsidiaries - mostly rock with a bunch of polka discs thrown for local old-timey folk!

 □ Best known as Duke Ellington's finest vocalist, this new Jasmine CD is an overview of Ivie Anderson's career, literally with the Duke and beyond. Sadly, there was not much "beyond" because Ivie died tragically young in 1949, seven years after ill-health forced her to leave Ellington. Featured here are 14 classic tracks recorded with the Duke, ten in the after-period. This set finds Ivie succeeding in all categories as a fine singer and fully deserving individual attention.

□ Jasmine is proud to issue a CD by one of America's all-time greatest singing stars, Perry Como. Featured here are performances from the 1950s never released before, including versions of many of Perry's biggest hits like Round And Round and Don't Let The Stars Get In Your Eyes. Another hit, Juke Box Baby, which opens the CD shows that Perry could Rock 'n' Roll with the best - a real stomper! Ably supported on some tracks by Dinah Shore, plus a guest appearance by the young Brenda Lee, this 20 track CD gives over an hour's worth of listening pleasure.

The demos he cut for the likes of The Drifters and Ben E. King are the stuff of legend. His own records - all written, arranged and produced by the biggest names in Brill Building pop - are still stunning after more than 40 years.

Zwanzigern' drehen sich Schellacks, später Vinyl und Compact Discs unter dieser Weltmarke, anfangs mit verschiedenfarbig en Labels, seit Beginn der 50er Jahre mit dem unverwechselbare n Orange-Label und den kleinen Sternchen oder mit dem seit 1963 eingeführten Polydor-Rot. Acht Jahrzehnte im Dienst der Musik.

Das Hamburger Qualitätslabel mit Kreativ-Garantie hat dabei alle Moden und Strömungen, alle Trends und Stilrichtungen bedient: von Vorkriegs-Gassenhauern über den Sound der grossen Tanzorchester bis zum deutschen Schlager, den Polydor-Produkte entscheidend geprägt haben; von Rock 'n' Roll und Beat über die Songs der Liedermacher bis hin zum aktuellen Pop-Spektrum mit all seinen vielfältigen inhaltlichen Nuancen - alles hat seinen Platz gefunden. Unzählige Hits wurden im Laufe der Dekaden veröffentlicht. Superstars in spe machten auf Polydor ihre ersten musikalischen Gehversuche, viele Interpreten blieben Eintagsfliegen, wieder andere sorgten lange Jahre für grundsätzliche Beispiele ihres Könnens - und präsentieren es oft noch heute. Polydor, der Name steht für nationale Grössen wie Peter Kraus, Freddy Quinn und Peter Alexander, er steht genauso für ein internationales Künstler-Aufgebot mit Abba, Batales, Bee Gees, Caterina Valente und zahlreichen anderen.

Dementsprechend gross ist die inhaltliche Bandbreite auf dieser ebenso attraktiven wie spektakulären 8-CD-Box plus 1 DVD: mit Chart-Erfolgen und Kuriositäten, mit gesuchten Raritäten und Melodien, die auch diverse Jahre nach ihrer Erstveröffentlichung für den guten Ton sorgen - für eine SINFONIE DER STERNE.  □ (2005/COL) 60 minutes 1938 - Original Radio Hörspiel das Amerika in Panik versetzte und Orson Welles berühmt machte. digitaly restored and remastered On October 30th, 1938,

America was gripped with terror as regular radio programming was seemingly interrupted by reports of a Martian invasion in the wilds of New Jersey. Total alien conquest seems a certainty, as one terrorized radio reporter risks his life to broadcast eyewitness accounts of the mind-numbing horror to a world that may already be beyond hope. In 1938, radio was still a relatively new medium and American listeners were definitely not as media-savvy as they are today. So when Orson Welles deliberately blurred the lines between reality and fantasy with his daring radio adaptation of H.G. Wells classic science fiction novel, it wasn't too surprising that a real space invasion panic ensued. This historic broadcast made the 23 year-old Welles an overnight national celebrity and showed the world how powerful a force radio could be. Listen to the original uncut one hour broadcast and relive the night America fled in terror from an all-out 'invasion' from space.

**DO IT THE HARD WAY - THE RIVERSIDE YEARS**
**CD BOPD 022 € 19.00**

□ Chet Baker is one of music's most iconic figures. His all-American good looks cast him as jazz's answer to James Dean, whilst his life-long drug habit saw him lauded in some quarters as the ultimate outlaw outsider - almost like a jazz Keith Richards. It is difficult to remove the legend of his life from his music and the recordings he made for Riverside (in New York) and for its Jazzland subsidiary (made in Milan) came at a time when he was at one of his lowest points - yet it provided some of his finest music.

HELLO, DOLLY!

CD 881 865 € 10.90

12 tracks; Der Eindruck der beim einem ersten Hören dieser Aufnahmen entsteht, bestätigt die vorherigen Vermutungen des Hörers: die von Ella Fitzgerald praktizierte Art des Singens ist nicht einfach eine Kunst der Interpretation, sondern auch eine der Neuerung und der Besinnung auf das inhaltlich Wesentliche. Dies ist nicht weniger wahr, wenn sie sich 'Hello, Dolly!' oder 'Can't By Me Love' von den Beatles vorknöpft, als wenn sie Cole Porter oder Richard Rogers zum Besten gibt.

□ (2006/VERVE) 10 tracks 1959; You probably know Howard Roberts's sound even if you don't know his name; for years he was one of the busiest and most versatile studio guitarists in the business. If you're guitar aficionada, you know something else about him - that although he recorded only a few albums as a leader, every one was a gem. This 1959 recording, featuring the West Coast stalwarts Bill Holman on tenor saxophone and Pete Jolly on piano, is one of his best.

□ The timely reissue of these, Stan Tracey's first two albums as a leader in his own right, restores to splendour two key pieces of the jigsaw puzzle that is the patchily documented British Modern Jazz scene of the 1950s. It also serves as a reminder of the long road which Stan Tracey has travelled in order to reach his current position of venerated elder statesman of the music. The original Vogue LPs, Showcase and Little Klunk, have achieved legendary, even mythic, status, Little Klunk especially. 16 page booklet, reproducing original liner notes, plus an overview written by Simon Spillett.
