VISION-MISSION STATEMENT

VISION

URDANETA CITY is envisioned to be a center of agri-industrial development and educational advancement, a city with viable solid waste management, admirable traffic system, sustainable social services and equitable opportunity, and a community of Godloving, well-disciplined, self-reliant, and development-oriented people. It shall be an urban growth center and a model of good governance in Northern Luzon.

MISSION

URDANETA CITY is committed to provide adequate infrastructure facilities and basic social services to promote a healthy and safe environment, to practice good governance and dynamic leadership in ensuring political stability and economic self-sufficiency, and to promote people participation and policy formulation and project implementation.

EXECUTIVE AGENDA

Maximize the effective and efficient utilization of government resources through innovative planning, progressive programming, and prudent spending.

Bring government services closer to the people by conducting mobile services and tapping alternative areas for revenue collections.

Position Urdaneta City as a convention site and as an education center to open new opportunities for investments.

Maintain strong partnerships and linkages with the private sector and the civil society to promote wider participation in policy formulation and program implementation.

Boost productivity in all communities and in all areas of governance by supporting infrastructural development and human resources improvement.

Prioritize revenue-generation reforms and fiscal management innovations to increase collection efficiency, promote transparency and jumpstart the economy.

HISTORICAL BACKGROUND

Urdaneta was organized into a pueblo on January 8, 1858 when the contiguous settlement of the pioneering inhabitants, mostly llocanos and a sprinkling of Pangasinenses, met all requirements of becoming a town. It came into existence from the conglomeration of portions of barrios from the surrounding towns of Asingan, Villasis, Malasiqui, Sta. Barbara, Mangaldan, Manaoag and Binalonan.

The petitioners for the creation of the new independent town identified themselves as Cabezas Tenietes representing the inhabitants of barrios Batad in Asingan, Nancamaliran in Sta. Barbara and Caocalan in Mangaldan. They proposed that the new town be named Soldevilla, in honor of the alcalde Mayor of the province at that time, Senior Don Manuel Boutelon y Soldevilla. However, the Alcalde Mayor himself declined the honor and instead proposed the name Urdaneta, with the recommendation of the Parish Priest, Fr. Nicolas Manrique Alonzo as the first cura parocco. The town was named in honor of Father Andres de Urdaneta. Father Andres de Urdaneta was a famous soldier, navigator, historian, cosmographer and evangelist who was assigned by King Philip II of Spain to join the Legaspi Expedition of 1564. A monument outside Intramuros shows Legazpi carrying a sword while Urdaneta at his side holding up the cross. There, an inscription reads: "he is the unparalleled cosmographer, pioneer of the Christian and Spanish civilization in the Philippines".

The Vicar of Sta. Barbara and the curates of Asingan and Mangaldan supported Father Alonzo's proposal to name the new town Urdaneta. The petition took almost two years to be processed. But soon after that, the Governor-General issued a decree and the new town of Urdaneta was finally born on the 8th of January 1858. Two months later, the town of Urdaneta was finally inaugurated which dated March 8, 1858. An assembly of Principales represented by the seven towns composed of Asingan, Sta. Barbara, Mangaldan, San Jacinto, Manaoag, Binalonan, and Villasis gathered in Urdaneta. The documents on the proclamation of the new town was executed and signed by all the participating officials. Concurrent with the inauguration was the construction of Urdaneta's first concrete church, forerunner of today's Catholic Cathedral and present site of Eastern Pangasinan's Bishopric.

FACTS AND FIGURES

GENERAL

A. Creation

• Municipality: January 08,1858

City: March 21, 1998 by Republic Act 8480

B. Type of LGU

• DILG Classification: 2nd Class Component City

The City of Urdaneta has an urbanization level of 68.61% and has been identified by the Provincial Government of Pangasinan as a growth pole. Agriculture is still the major source of income and livelihood of the people, though Urdaneta is considered as business and trading center in Pangasinan. It is a home to the largest fruits and vegetable wholesale market in Northern Luzon and one of the biggest livestock markets in the country.

Urbanization level gauges the growth of population living in the urban areas. The urban barangays are considered to be the center of economic activities. Out of the 34 barangays in Urdaneta City, fifteen (15) barangays are considered as urban barangays.

D. Geography

Urdaneta is a landlocked city strategically located at the eastern part of the Province of Pangasinan. It is situated on 15° 56′ to 16° 0′ latitude and 120° 29′ to 120° 37′ longitude. The city is bisected on the east and west sides by the Manila North Road and traversed by the McArthur Highway on the north and south parts.

The City of Urdaneta is about 186 kilometres from Metro Manila and approximately 70 kilometres from Baguio City. It is 100 kilometres from San Fernando City, La Union, 28 kilometres from Dagupan City, Pangasinan, and 40 kilometres from the Capital Town of Lingayen, Pangasinan.

The city is bounded on the north by the municipalities of Manaoag, Laoac and Binalonan, and the Musing River; on the northwest by the municipality of Mapandan; on the south by the municipality of Villasis; on the southwest by the municipality of Malasiqui; on the east by the municipality of Asingan; and on the west by the municipality of Sta. Barbara.

Table shows the top ten leading causes of morbidity and mortality. Acute respiratory infection is the leading cause of morbidity. The high incidence of respiratory infection suggests that the City is prone to airborne diseases on which pollution is a contributory factor to this disease. Other infectious diseases that are listed in the top 10 may be due to poor hygiene, poor nutrition, low body resistance and sudden change in weather. It can be noted that half of the diseases are no communicable, these are hypertension, urinary tract infection, bronchial asthma, diabetes mellitus and dermatitis which are usually atopic. These are lifestyle diseases and are highly preventable. With the leading causes of death, senile debility (a natural cause of death due to old age) is the topmost. The second cause is cerebro vascular accident which is a lifestyle related disease. Other principal causes of death are pneumonia and bronchial asthma which are diseases of the lungs caused by infection and pollution. Diabetes mellitus, congestive heart failure, multiple organ failure, myocardial infarction, hypertension and kidney failure are non-communicable diseases. These are considered lifestyle diseases and are highly preventable with right diet, exercise and living a healthy lifestyle.

E. Protective Services

Police Force. The actual protective services strength of cities/municipalities shall depend on the state of peace and order, population density and actual demands of the service in the particular area. The urban areas shall have a higher minimum-police-topopulation ratio as prescribed by regulations. Urdaneta as component city was classified as Class "A" city with a population of 132,940. With the current Police to population ratio of 1:1,665, Urdaneta City Police Station relatively meet its basic mandates due to support endowed by the Local Government Unit (LGU) of Urdaneta in terms of the station's "Shoot"-"Move" & "Communication capability. This was compounded by personnel complement of working into two (2) shifts daily.

The average manning level of the BJMP nationwide shall be approximated as follows:

a. Ideal Jail Guard-to-inmate = 1 jail guard

5 jail inmates

b. Minimum Standard of jail = 1 jail guard

7 jail inmates

Fire Fighting Personnel and Facilities. The Fire Station is located beside the Cultural and Sports Center along McArthur Highway. It is built on a 310 sq.m. lot. It has 6 operational fire trucks – 4 are owned by the City while the other 2 are owned by the Bureau of Fire Protection (BFP). In additional, the BFP has other rescue equipment such as 1 rubber boat 11 base/hand held radio, among others. The present Bureau of Fire Protection reference to

determine the ideal number of fireman in every city or municipality is as follows:

- a. Fireman to Population ratio is 1:2000
- b. Fire Truck to Population ratio is 1:28,000
- c. Fire Truck to Fireman Ratio is 1:14

Civilian Peacekeeping Forces. The station's operational capability in addressing the blooming traffic problems along the major thoroughfares of the city is complemented by fifty-four (54) Public Order and Safety Officer (POSO) equipped with two (2) multi-cabs, fifteen (15) radio

transceivers and seven (7) motorcycles. This protective service is responsible in manning the two (2) crucial intersections that traverse the Manila North Road (MNR). It operates directly under the operational and control of the Chief Local Executive and at times under supervision of the PNP during crucial and big events affecting the city of Urdaneta.

As part of its Disaster Preparedness and Response, LGU Urdaneta organized and created its owned disaster/rescue team working along with Bureau of Fire Protection (BFP) in responding to critical life response. At present there were twenty-eight (28) members coming from various barangays of the city to compose the operating arms of the City Disaster Risk Reduction Management Council (CDRRMC).

In addition there were twenty-three (23) auxiliary members as part of the Emergency Medical Service (EMS) response team equipped with three serviceable medical ambulances, two flood lights and complete set of medical kit.

Down to the barangay level, the Community Oriented Policing System (COPS) of the Philippine National Police (PNP) has gone a long way towards providing proactive police services to the citizens. However, a continuous effort to improve the delivery of these protective services must be implemented as peace and order and public safety concerns are constantly evolving.

The Barangay Peacekeeping Operations (BPO) and its implementers, the Barangay Peacekeeping Action Teams (BPAT) were examples that the PNP does not stop in giving the best possible policing system. To date there were four-hundred seventy-six (476) tanods/BPATS were organized in the city and being utilized as "force multipliers" or twelve (12) tanods/BPATS per barangay.
