Redu Station

Set in the heart of the Ardennes, this site features around 20 antennas, the largest of which measures 20 metres in diameter, set up in 2010 to communicate with the future Galileo positioning satellites.

Indian Totem in Virton

The Virton Totem was originally a 300 year-old Canadian larch, measuring 5 metres in height and weighing 500 kg, carved with typical Indian symbols. Today's totem is an identical copy. It was gifted by Canadian NATO soldiers in the Sixties, when they left their military base.

THE TOURIST ATTRACTIONS

TOURISM IN WALLONIA LET THE SUN SHINE!

In Wallonia, the term "Tourist Attraction" is a protected designation, awarded by the Commissariat General au Tourisme (Belgian Tourist Board). Attractions awarded this distinction also benefit from a classification system of "Suns" (one to five).

The number of « **suns** » refers first and foremost to the quality of the experience provided to visitors, which includes criteria such as service quality, opening times, disabled access and foreign languages, to name but a few.

To receive their first sun, attractions must publish a leaflet containing a description and practical information, and offer a clearly-identifiable reception area.

Three sun attractions must offer services such as electronic payment, and be able to welcome guests in two languages.

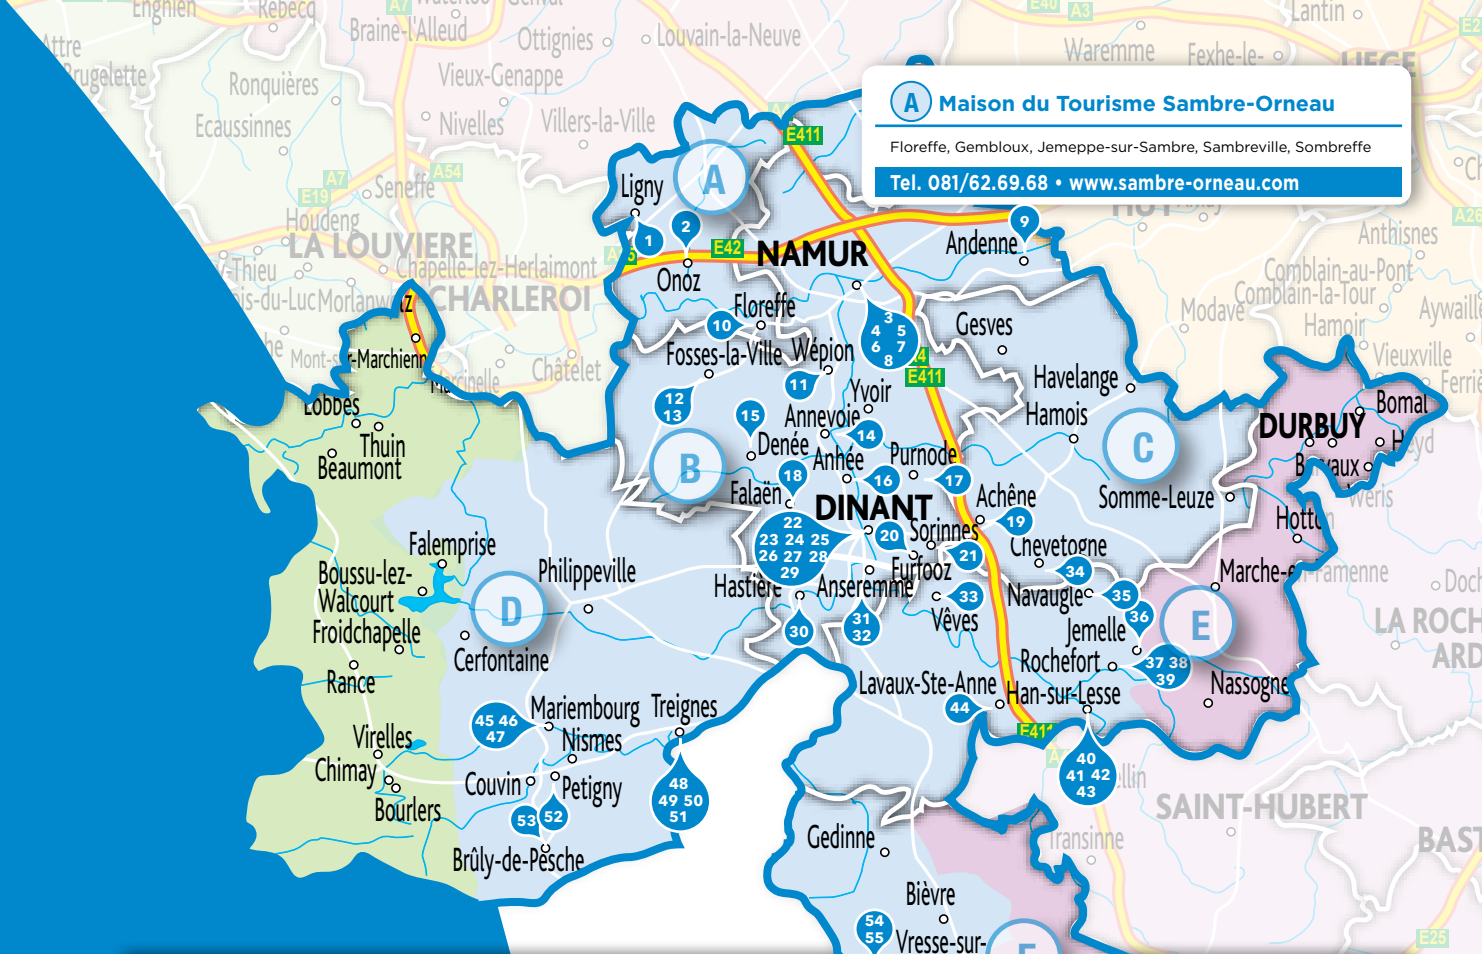

Five sun attractions must offer a shop and be able to welcome guests in three languages.

Tourist attractions committed to offering faultless quality are guaranteed to satisfy their visitors, who will undoubtedly become their leading ambassadors in turn!

Welcome to Wallonia, where our "Suns" always shine... All the better to serve you!

Belgium Wallonia

Whether you are travelling with your family, as a couple or with friends, we have a huge range of bike routes to meet all your wishes.

The RAVeL network offers more than 1300 car-free kilometres following disused railway lines and towpaths. Other linked cycle routes have been carefully designed with intersections (“**points noeuds**”) and signposts indicating distance and journey times. Four long-distance itineraries across Wallonia form part of the Europe-wide **EuroVélo** system. The **Meuse à vélo**, route – one of long-distance, cross-border itineraries of over 150 km – follows the River Meuse, while the **Vennbahn** traces the path of a former railway line that once straddled Germany, Luxembourg and Belgium.

Reassuring too is the presence right across Wallonia of more than **500 enterprises carrying the “Bienvenue Vélo”** (Bikes Welcome) label, guaranteeing cyclists special attention – including accommodation, tourist attractions and information hubs.

Download our free Wallonia by Bike brochure, which contains 45 suggested routes and circuits suitable for families and all the information you need – just one click away. Cycling routes, cycling events, accommodation and plenty of ideas about how best to prepare for your adventures...

Wallonia, an ideal destination for cycle tourism!

Prepared according to the time-honoured culinary traditions or reinvented recipes, they make Wallonia **a true food-lovers' destination**.

You could combine your gastronomic discoveries with a bike trip around Wallonia, stopping off at one or more of the **"gares gourmandes"** situated on or close to the **RAVeL** cycle paths. Or you could walk our now-famous **Sentier des Abbayes Trappistes**, a 290-km hiking route linking three celebrated Trappist breweries.

All our information and brochures about **food-lovers' Wallonia** is **just one click away!**

Now Wallonia is even more the place for food-lovers!
