**E-mail:** [otdel-sb@agromehanika.ru](mailto:otdel-sb@agromehanika.ru)  
[www.agromehanika.ru](http://www.agromehanika.ru)

The plant specializes in the production of agricultural tillage machinery and equipment for the application of anhydrous ammonia into the soil complete with imported work tools.

The machines meet European quality standards and are made using new high-precision equipment.

### Types of manufactured equipment:

- Wide-coverage trailed cultivator
- Universal trailed cultivator
- Combined trailed cultivator
- Combined mounted cultivator
- Antierosion cultivator, mounted disk harrow, trailed disk harrow, deep tiller

## AGRO LLC

### General Director:

Altergott Aleksandr Aleksandrovich

**Address:** 650051, Kemerovo Oblast,  
Kemerovo, Pchelobaza, 15

**Phone:** +7 (3842) 28 68 44

**Fax:** +7 (3842) 28 59 91

**E-mail:** [agrokemerovo@yandex.ru](mailto:agrokemerovo@yandex.ru)  
[www.agrokem.ru](http://www.agrokem.ru)

AGRO LLC was established in 1994 for the purpose of the production of intelligent agricultural equipment. The company makes in-demand, up-to-date, reliable products. AGRO LLC participates in all programs of the Government of the Russian Federation. The satisfaction of the end user is among the priority tasks of the company.

### Types of manufactured equipment:

- Disc harrows
- Universal tine hydroficated harrows
- Universal spring hydroficated harrows
- Cultivator for complete cultivation
- Mounted disk harrow
- Trailed type disk harrow
- Deep tiller

### Agrocenter LLC

**Director:**

Tverdokhlebov Sergey Ivanovich

**Address:** 656067,

Altai Krai,

Barnaul, Popova Str., 200

**Phone:** +7 (3852) 45-86-88, 45-90-03, 28-21-00

**Fax:** +7 3852 45-90-03

**E-mail:** sales@feat-agro.ru

www.feat-agro.ru

The Agrocenter Company has been developing its production part of the business for 14 years. During this time, a powerful production facility with its own patented designs and know-hows has been made. The company produces over 100 models of agricultural equipment for various purposes under the FeatAgro brand.

Modern methods of hardening the working tools (racks, legs, chisels, knives, discs, plowshares) used by LLC Agrocenter in the production process significantly increase their service life, performance, reduce traction resistance and fuel consumption per hectare. Working edges are processed with VK8 hard alloy (used in the mining industry) and high frequency currents that increases their resistance to abrasion and damage.

**Types of manufactured equipment:**

- Cultivators for complete cultivation
- Subsurface plows
- Tine harrows (single and double row)
- Hoeing ploughs
- Water-filled rollers

### AZSM JSC

**General Director:**

Filidova Tatyana Viktorovna

**Address:** 659001,

Altai Krai, Pavlovsk,

Pervomayskaya Str., 1a

**Phone:** +7 (38581) 2 75 00,

+7 (38581) 2 81 36

**E-mail:** info@veles22.ru

www.veles22.ru

Veles is one of the leading producers of tillage equipment in Russia, the range includes near 50 models of implements. All products have certificates of conformity. The VELES dealer network, which includes more than 50 offices in Russia, Kazakhstan, Bulgaria, Germany, Moldova, Mongolia, and Kyrgyzstan, offers reliable technical support and prompt supplies of consumables.

**Types of manufactured equipment:**

- Heavy spring harrows
- Medium spring harrows
- Compact disc harrows
- Middle disk harrows
- Single row tine harrows
- Double row tine harrows
- Implements for harrows
- Implements for star-wheeled rollers
- Hitches for break harrows
- Packing implements
- Carrier implements with disk harrows
- Chisel disk implements
- Chisel disk ploughs
- Universal chisel ploughs

## Altay Scientific Research Institute of Mechanical Engineering Technology JSC

### General Director:

Podkopaev Alexey Gennadyevich

**Address:** 656037, Altai Krai, Barnaul, Severo-Zapadnaya Str., 2a

**Phone:** +7 (3852) 77 88 33,  
+7 (3852) 77 36 86; 77 88 86 (sales department)

**Fax:** +7 (3852) 77 56 83

**E-mail:** anitimsbit@mail.ru

www.anitim-oao.ru

Having been a member of the Almaz group of companies since 2017, it is one of the oldest agricultural equipment manufacturing enterprises in the Altai Krai.

The company's range of products includes tine harrows, heavy disc harrows, cultivators and more than 30 positions of spare parts. Antim JSC is a member of the Rosspetsmash Association, which includes the largest agricultural machine-building companies in the country.

### Types of manufactured equipment:

- Hydroficated harrow hitches
- Hydroficated tine harrows
- Heavy hydroficated tine harrows
- Heavy disk harrows
- Universal sectional cultivator

## BashAgroMash JSC

### General Director:

Bagautdinov Ramil Raisovich

**Address:** 453140, Republic of Bashkortostan, Sterlitamak Rayon, the village of Zagorodny, Festivalnaya Str., 1

**Phone:** +7 (3473) 26 54 38, 26 34 68

**Fax:** +7 (3473) 26 20 40

**E-mail:** agro.rem@mail.ru

www.bashagromash.ru

BashAgroMash JSC develops in engaged in production of up-to-date equipment for tillage, repair and upgrade agricultural equipment. Products are certified in accordance with the requirements of the TP TC 010/2011. Every year, it wins awards at specialized exhibitions.

### Types of manufactured equipment:

- Mounted and trailed chisel plows
- Mounted disk harrows
- Spring harrows
- Rotary harrows
- Mounted deep tillers

**БДМ-Агро**  
ЭКСПЕРТ В ПОЧВООБРАБОТКЕ

### BDM-Agro LLC

**General Director:**

Mernikov Sergey Borisovich

**Head office:** 350901, Krasnodar, 40 let Pobedy Str., 39

**Plant:** 353180, Krasnodar Krai, Korenovsk Rayon, Korenovsk, Purykhina Str., 1a

**Phone:** +7 (861) 279 65 95, 279 65 93 (86142) 4 76 32

**Fax:** +7 (861) 279 65 95, 279 65 93 (86142) 4 76 32

**E-mail:** mail@bdm-agro.ru

www.bdm-agro.ru

BDM-Agro LLC is the first agricultural machine-building enterprise in Russia to design and manufacture the Diskators®, as well as caterpillar for combines and tractors.

Over 18 years of operation, it has launched the production of more than 50 models of Diskator tillage tools, cultivators, plows, and cutters.

**Types of manufactured equipment:**

- 2-row and 4-row disk harrows, 2-row elastoplastic rubber disk harrows, working width 2 to 9 m
- Cultivator for complete cultivation (seedbed, complete cultivation, stubble reinforced cultivator), working width 4 to 8 m
- Deep tillers, working width 2 to 7 m

### Bezeckselmash Plant LLC

**General Director:**

Zhuravlev Anatoly Vasilyevich

**Address:** 170100,

Tver, Moscovskaya Str., 72

**Phone:** +7 (4822) 7703 95

**Fax:** +7 (4822) 770395

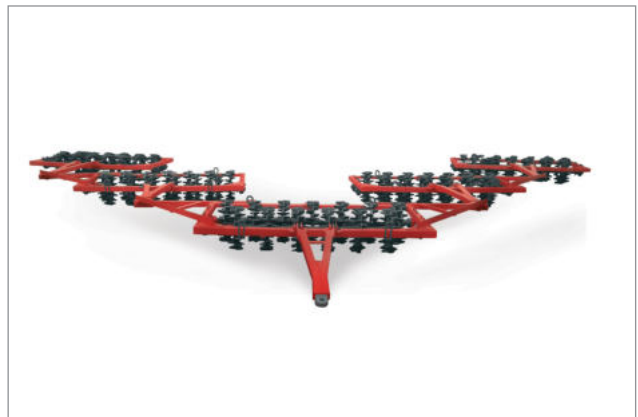

**E-mail:** 291161@mail.ru

www.bezeckselmash.ru

The Bezeckselmash plant is a manufacturer of reliable and efficient agricultural equipment for tillage and forage. The equipment features high strength and performance, which allows it to be a worthy competitor to domestic and foreign companies in the modern market.

**Types of manufactured equipment:**

- Semi-trailed disk ripper
- Star-wheeled roller
- Crosskill roller

## V.M. Ryazanov Belagromash-Service OJSC

### General Director:

Ryazanov Artyom Vladimirovich

**Address:** 308013, Belgorod, Dzgoieva Str., 2

**Phone:** +7 (4722) 21 16 23

**Fax:** +7 (4722) 21 16 23

**E-mail:** agrom@belagromash.ru

www.belagromash.ru

V.M. Ryazanov Belagromash-Service OJSC is one of the largest plants manufacturing tillage and other agricultural equipment. The main production facilities are equipped with the latest high-precision Japanese, German, Italian, American equipment. The dealer network successfully operates not only in Russia, but also abroad.

### Types of manufactured equipment:

- Disc harrows
- Chain harrows
- Tine harrows
- Hydroficated disk hoeing plough
- Disk cutters
- Ploughs
- Chisel cultivator
- Seedbed cultivator
- Inter-row cultivator
- Inter-row stubble cultivator
- Combined trailed cultivator
- Disk implement

AGRICULTURAL EQUIPMENT

## Belgorod RITM Plant OJSC

### General Director:

Mikharev Alexander Petrovich

**Address:** 308023, Belgorod, B. Khmelnitsky, 135 D

**Phone:** +7 (4722) 34 15 92, 34 46 74

**Fax:** +7 (4722) 34 16 74

**E-mail:** om\_ritm@mail.ru, bzritm@mail.ru

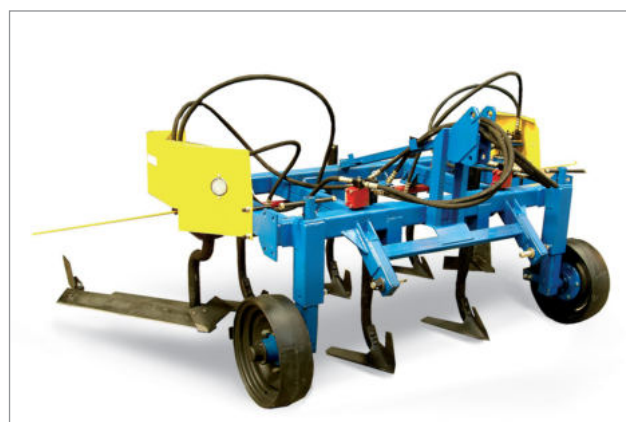

www.zavodritm.ru

Belgorod RITM Plant OJSC manufactures the following products:

- sowing equipment for row and grain crops
- beetroot-harvesting equipment
- poultry farming equipment
- livestock farming equipment
- The plant also offers steelworks and metalworks manufacturing services.

### Types of manufactured equipment:

- Vine hoe

### Belinskselemash JSC

**General Director:**

Gorobets Alexander Anatolyevich

**Address:** 442246, Penza Oblast, Kamenka  
Chernyshevskogo Str., 1

**Phone:** +7 (8412) 45 81 35, +7 (8412) 45 86 72

**Fax:** +7 (84156) 45 86 73

**E-mail:** BSM@SURA.RU

www.BSM.SURA.RU

Belinskselemash joint-stock company is a company with 77-year-long history, which manufactures agricultural equipment: disc harrows, cultivators for complete cultivation, seed drills, grain and spare parts for them according to OKVED 28.30.3 "Manufacturing of machinery and agricultural equipment for tillage". The main consumers are agricultural producers, both farm enterprises, and agricultural production associations, holdings owing both small land resources and large land areas.

**Types of manufactured equipment:**

- Mounted disk harrow
- Trailed disk harrow
- Trailed module disk harrow
- Universal wide-coverage cultivator

### Volgaagromash LLC

**Director:**

Pronin Vladimir Vyacheslavovich

**Address:** 446442, Samara Oblast,  
Kinel, Ust-Kinelsky village, Shosseynaya Str., 82

**Phone:** +7 (846 63) 46 5 89, +7 (927) 730 50 02

**Fax:** +7 (846 63) 46 5 89

**E-mail:** volgaagromash@mail.ru

www.volgaagromash.ru

Volgaagromash LLC specializes in the manufacture, sale and maintenance of tillage tools. Sirius plows, cultivators and chisel cultivators are adapted to Russian soil and climatic conditions. This equipment ensures excellent agronomic indicators, user-friendly operation, easy and accessible maintenance. This combination of qualities allows Russian agrarians to work with maximum efficiency.

**Types of manufactured equipment:**

- Rotary module plough and its modifications

## Gryazy Cultivator Plant PJSC

### General Director:

Anutov Ravil Muhammedzhanovich

**Address:** 399059, Lipetsk Oblast, Gryazi, Gagarin Str., 1a

**Phone:** +7 (47461) 3 13 33, 3 16 80, 3 12 45,

### Types of manufactured equipment:

- Rotary ploughs
- Mounted ploughs
- Disc harrows
- Universal mounted and semi-mounted harrows
- Middle tine harrows
- Tine harrows
- Hydroficated tine and spring harrows
- Heavy high-speed hydroficated harrows
- Cultivators for complete cultivation
- Inter-row cultivator
- Stubble cultivators
- Subsurface milling chisel cultivators
- Hitches for implement arrangement

## Dias LLC

### General Director:

Dovgal Igor Anatolyevich

**Address:** 350007, Krasnodar, Zakharov Str., Sedin Plant

**Phone:** +7 (861) 268 74 74

**Fax:** +7 (861) 268 71 64

**E-mail:** diac.2010@mail.ru

www.dias-agro.ru

The developer plant of up-to-date tillage equipment, the originality of which is confirmed by numerous patents, including 2-, 3- and 4-row disc harrows and stubble ploughs, rotary harrows, universal cultivators, combined tools, chisel plows and other equipment for various types and classes of tractors (from 50 to 500 hp) with a working width of 1.5 to 12 meters.

### Types of manufactured equipment:

- Ploughs
- Disc harrows
- Cultivators for complete cultivation
- Deep tillers
- Combined tillage implements
- Hoeing ploughs

### Dormash JSC

**General Director:**

Kornilova Svetlana Viktorovna

**Address:** 431503, Republic of Mordovia, Bolshaya Elkhovka, Zavodskaya Str., 1

**Phone:** +7 (3441) 3 06 11

**Fax:** +7 (3441) 3 06 11

**E-mail:** tdumz@mail.ru

[www.dorozhnik.org](http://www.dorozhnik.org)

Dormash Joint Stock Company was founded in 1998 to manufacture engineering products (machinery and equipment for agriculture, forestry and utilities).

**Types of manufactured equipment:**

- Disc harrows

### Eurotechnika JSC

**General Director:**

Smirnov Vadim Nikolaevich

**Address:** 443044, Samara, Magistralnaya Str, 80g

**Phone:** +7 (846) 931 40 39

**Fax:** +7 (846) 931 40 39

**E-mail:** [eurotechnika@amazone.ru](mailto:eurotechnika@amazone.ru)

[www.eurotechnika.ru](http://www.eurotechnika.ru)

Eurotechnika JSC is a leading Russian agricultural machine building enterprise with German investments manufacturing the process packaged equipment for the cultivation of grains, oilseeds and potatoes according to the modern resource-saving methods.

**Types of manufactured equipment:**

- Disc harrows

## Medvedev Mashinostroyeniye Plant LLC

### Director:

Polyakov Pavel Alexandrovich

**Address:** 302030, Kemerovo Oblast, Orel,  
Moskovskaya Str., 69, office 39

**Phone:** +7 (4862) 55 08 12

**Fax:** +7 (4862) 5541 11

**E-mail:** adm@orzim.ru

www.orzim.ru

The company specializes in:  
machining according to customer documentation with the  
manufacturing of parts and assemblies; production of tillage  
wide-coverage implements and spare parts for them;  
manufacture of leather and shoe presses.

### Types of manufactured equipment:

- Combined disk cultivator
- Heavy modular cultivator
- Seedbed cultivator
- Deep tiller
- Chisel cultivator
- Knife roller
- Hitches for tillage equipment

## Kanmash AGRO LLC

### General Director:

Tsyganov Andrey Petrovich

**Address:** 429330, Chuvash Republic,  
Kanash, Krasnoarmeyskaya Str., 72

**Phone:** +7 (83533) 2 25 84, 2 35 41, 2 55 55

**Fax:** +7 (83533) 2 25 84

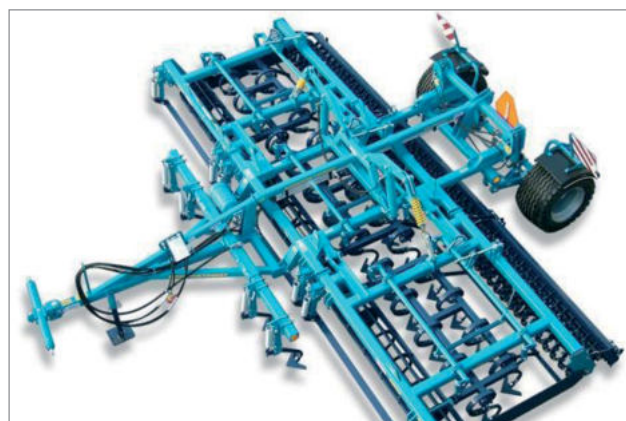

**E-mail:** agro@kanmash.ru

www.kanmash-agro.ru

Kanmash AGRO company is engaged in the production of: disc  
harrow, disk headers, chisel ploughs, soil compactors and  
cultivators (combined, seedbed, stubble cultivators for broadcast  
and surface tillage).

### Types of manufactured equipment:

- Chisel ploughs
- Disc harrows
- Seedbed cultivator
- Seedbed compactor-cultivators
- Semi-trailed cultivators for broadcast tillage
- Combined semi-trailed cultivators
- Stubble cultivators
- Disk cultivators
- Rotary hoes
- Soil compactors

### Klever JSC

**General Director:**

Vinogradov Alexander Mikhailovich

**Address:** 344065, Rostov Oblast,  
Rostov-on-Don, 50-Letiya Rostselmasha Str., 2-6/22

**Phone:** +7 (863) 255 22 00

**Fax:** +7 (863) 255 20 92

**E-mail:** info@klevertld.com

www.klevertld.ru

The KLEVER company is a part of the Rostselmash group of companies, it is engaged in the production of grain harvesting, grain processing, utilities, forage harvesting, tillage equipment and trailed sprayers under the Rostselmash brand. KLEVER sells agricultural equipment throughout Russia, as well as in 30 countries of the world.

**Types of manufactured equipment:**

- Disc harrows
- Cultivators for complete cultivation

## КОЛНАГ

### Kolnag LLC

**General Director:**

Tubolev Sergey Semenovich

**Address:** 140405, Moscow Oblast, Kolomna,  
Astakhova Str., 4

**Phone:** +7 (496) 610 03 83, +7 (496) 610 03 66

**E-mail:** info@kolnag.ru

www.kolnag.ru

Kolnag LLC is a well-known Russian manufacturer and supplier of up-to-date agricultural equipment for intensive resource-saving technologies in the area of potatoes and vegetables harvesting, as well as for the preparation and distribution of balanced feed mixtures for cattle.

**Types of manufactured equipment:**

- Vertiber cultivator
- Ridge former cultivator

## KOMZ-Export CJSC (TIGARBO)

### Director:

Arushanov Garik Sergeevich

**Address:** 347825,  
Rostov region, Kamensk-Shakhtinsky, Zavodskoy  
neighborhood, Zavodskaya Str., 16

**Phone:** + 7 (86365) 63 191, 63 033, 63 183

**Fax:** + 7 (86365) 63 191

**E-mail:** komz@tigarbo.ru, dp@tigarbo.ru, st@tigarbo.ru  
www.tigarbo.ru

Today, KOMZ-Export is a manufacturer of equipment and components for various industries. The plant manufactures products under the TIGARBO brand. The basis of the product range is comprised of: transit concrete mixers, concrete plants, welding electrodes and abrasive wheels, soil tillage equipment, motor catamarans, park lights and electric carts.

### Types of manufactured equipment:

- Disc harrows
- Cultivators for complete cultivation

## SARMAT Company LLC

### General Director:

Sanin Sergey Vladimirovich

**Address:** 344065, Rostov-on-Don, Orskaya Str., 17

**Phone:** +7 (863) 242 42 61, 242 42 31

**Fax:** +7 (863) 242 42 61, 242 42 31

**E-mail:** skmk@sarmat-komp.ru

www.sarmat-komp.ru

SARMAT LLC is a modern enterprise specialized in the production of tillage equipment, working tools and spare parts. It makes cultivators of the KRN, KPK, KPP, USMK series; rotary hoes of MPH, MRSH series; deep tillers of RVN series.

### Types of manufactured equipment:

- Harrows
- Cultivators for complete cultivation
- Inter-row cultivator
- Deep tillers

### Kormmash JSC

**General Director:**

Kolodyazhny Yevgeny Vasilyevich

**Address:** 347510, Rostov Oblast, Oryol Region, p. Orlovsky, Proletarskaya Str., 34

**Phone:** +7 (863 75) 32 6 48, 31 9 91, 31 4 58

**Fax:** +7 (863 75) 31 9 91

**E-mail:** sbitkorm@mail.ru

www.kormmash.ru

Production of cultivators for broadcast and inter-row tillage, ploughs, disc harrows and hoeing ploughs, wide drag implements, field forage choppers, grain loaders, fertilizer spreaders and other trailed and mounted agricultural equipment and spare parts.

**Types of manufactured equipment:**

- Mounted share plows
- Mounted disk harrows
- Hydroficated wide-level harrows
- Cultivators for broadcast tillage
- Inter-row cultivators
- Subsurface paraplough cultivators
- Hydroficated disk stubble ploughs
- Universal hitches for the arrangement of wide-level tillage and planting implements

### Millerovoselmash OJSC

**General Director:**

Dergachev Dmitry Vasilyevich

**Address:** 346130, Rostov Oblast, Millerovo, Zavodskaya Str., 1

**Phone:** +7 (86385) 2 30 75

**Fax:** +7 (86385) 2 30 61

**E-mail:** msm161@yandex.ru

www.millerovoselmash.ru

The plant was founded in 1951.

It manufactures in-demand sowing, tillage and harvesting equipment that meets market requirements and demands. Having a unique equipment, it offers exceptionally reliable and easy-to-use equipment at an optimal price, ensuring its long and efficient service life.

**Types of manufactured equipment:**

- Hydroficated spring harrows
- Mounted inter-row side-dressing cultivators for row crops

**НАВИГАТОР**

www.nm-agro.ru

Navigator - Novoye Mashinostroyeniye LLC is a manufacturer of trailed equipment for harvesting hay and haylage, performing the following processes: turning, raking, packing, transportation and wrapping. The company ranks first in Russia in terms of production of roll balers and is well known in the Russian market as a reliable supplier.

**Types of manufactured equipment:**

- Deep tillers
- Other tillage equipment and machinery

**P.I. Snegirev NITI JSC****General Director:**

Grigoriev Igor Alexandrovich

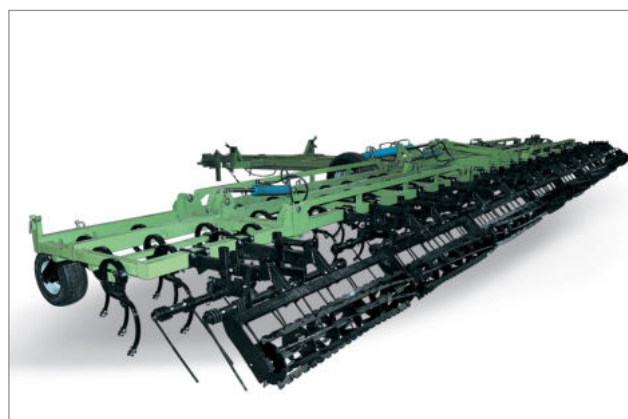

**Address:** 143987, Moscow Oblast, Balashikha, Zheleznodorozhy neighborhood, Dachnaya Str., 28**Phone:** +7 (495) 522 36 10**Fax:** +7 (495) 522 38 39**E-mail:** info@oao-niti.com, sales@rusich-agro.ru

www.oao-niti.com, www.rusich-agro.ru

P.I. Snegirev NITI JSC is one of the leading Russian enterprises developing mechanical and electromechanical fuses for a wide range of ammunition for the troops of the Ministry of Defense of the Russian Federation. Under the instruction of the Russian Federation's President to increase the share of civilian products at defense enterprises, the P.I. Snegirev NITI JSC manufactures tillage equipment Rusich: mounted single-furrow ploughs and seedbed cultivators.

**Types of manufactured equipment:**

- Rugged universal mounted plough
- Trailed seedbed cultivator

NEW TONE

### New Tone LLC

**General Director:**

Abalmasov Aleksandr Aleksandrovich

**Address:** 404116, Volgograd Oblast, Volzhskiy, Leninskaya Str., 91

**Phone:** +7 (906) 165 42 22

**E-mail:** sale@new-tone.www.new-tone

The company manufactures mounted and trailed agricultural implements (ploughs, cultivators, disc harrows).

**Types of manufactured equipment:**

- Disc harrows
- Spring-tine weeder
- Cultivators for complete cultivation
- Cultivators for broadcast tillage
- Chisel plough
- Share plough

### Omsk Experimental Plant FGUP

**General Director:**

Golovanov Dmitry Aleksandrovich

**Address:** 644012, Omsk, Korolev Ave.,

**Phone:** +7 (3812) 77 67 49

**Fax:** +7 (3812) 77 63 54

**E-mail:** referent@oezomsk.ru

www.oezomsk.ru

Omsk Experimental Plant FGUP manufactures the following equipment:

- selection equipment;
- straw choppers for combines;
- combined tillage implements;
- mounted, trailed subsoil cultivators;
- universal sowing packaged equipment «SOWER – 3600M;
- linen flax harvesting machines

**Types of manufactured equipment:**

- Cultivator
- Trailed soil disrupter
- Mounted disrupter

## Petrovskoye RTP JSC

### Director:

Udovichenko Anatoly Dmitrievich

**Address:** 356530, Stavropol Krai, Petrovsky Rayon, Svetlograd, Privokzalnaya Str., 8

**Phone:** +7 (865 47) 4 23 46; +7 (865 2) 50 11 21

**Fax:** +7 (865 47) 4 47 56

**E-mail:** rtp@svet.stv.ru

www.rtp.stavropol.ru

Petrovskoye RTP JSC produces more than 50 types of low cost agricultural equipment similar to imported machines. To improve product quality, reliability and durability, new generation shops have been made for metal heat treatment, plasma and induction deposition, plasma cutting, and machining with CNC machines.

### Types of manufactured equipment:

- Disk harrow
- Disk tined harrow
- Variable depth cultivators
- Steam cultivator
- Heavy semi-trailed cultivator

## Yaroslavich Manufacturing Company JSC

### General Director:

Khaetsky Gennady Vladislavovich

**Address:** 150539, Yaroslavl Oblast, Yaroslavl Rayon, Lesnaya Polyana, 43

**Phone:** +7 (4852) 76-48-10

**Fax:** +7 (4852) 76-48-11

**E-mail:** pkyar@pkyar.ru

www.pkyar.ru

Yaroslavich Manufacturing Company JSC is a modern, dynamically developing Russian manufacturer of agricultural and utilities equipment, founded in 1932. The company produces a wide range of tillage implements, tractor semi-trailers, frontal loaders and road and utilities equipment.

The in-house design department develops and constantly upgrades models of equipment that are produced in the shops using the up-to-date high-precision equipment. Only the best materials and components are used in the manufacturing process: alloyed structural steel, two-component polyurethane enamel painting, assemblies and parts from leading world manufacturers. Yaroslavich equipment is used in most of the Russian regions. More than 100 dealer and service centers ensure the delivery and maintenance of the equipment.

### Types of manufactured equipment:

- Deep tillers
- Disc harrows
- Cultivators for complete cultivation - modular cultivators

### PromAgroTekhnologii LLC

**General Director:**

Marachkova Galina Aleksandrovna

**Address:** 352188, Krasnodar Kari, Gulkevichsky Rayon, Krasnoselskiy, Shkolnaya Str., 1

**Phone:** +7 (86160) 3 08 95

**Fax:** +7 (86160) 3 08 95

**E-mail:** krasnoselsk\_zavod@mail.ru

www.patagro.ru, www.solarfields.ru

PromAgroTekhnologii Company specializes in the production of packaged agricultural equipment and original spare parts.

Consolidation of the potential of European and Russian production to provide agricultural enterprises with affordable and high-quality equipment is the key objective of the company.

**Types of manufactured equipment:**

- Cultivator
- Trailed soil disrupter
- Mounted disrupter

### Promzapchast LLC

**General Director:**

Voronin Sergey Nikolaevich

**Address:** 309295, Belgorod Oblast, Shebekino, Rzhevskoye Shosse Str., 370

**Phone:** +7 (47248) 3 15 19, 2 02 70, 2 02 71, 2 02 72

**Fax:** +7 (47248) 2 02 71

**E-mail:** promagro31@mail.ru

www.promagro.com

Promzapchast LLC is an automated enterprise producing a wide range of tillage equipment (analogues of European equipment). The implements have the European CE certification of conformity, which regulates the quality of agricultural equipment.

The company doesn't stand still and is constantly improving and modifying its implements together with agronomists.

**Types of manufactured equipment:**

- Disk universal harrow
- Disk mulch harrow
- Seedbed cultivator
- Medium stubble cultivator
- Heavy mulch stubble cultivator
- Heavy stubble cultivator
- Combined seedbed implement
- Heavy disk hoeing plough

## Rubtsovsk Spare Part Plant CJSC

### Director:

Kedik Stanislav Aleksandrovich

**Address:** 658220, Altai Krai, Rubtsovsk, Arychnaya Str., 8

**Phone:** +7 (385 57) 5 96 75, +7 (385 57) 5 96 44,

**Fax:** +7 (385 57) 5 96 44, +7 (385 57) 5 96 75

**E-mail:** rzz@ab.ru

www.almaztd.ru

The manufacturing enterprise of the Almaz Company Association occupies one of the leading positions in the rating of agricultural equipment manufacturers in Russia, and is a member of the Rosspetsmash Association, which includes the largest agricultural mechanical engineering enterprises in the country.

Today, RZZ CJSC manufactures over 40 models of tillage equipment and over 230 positions of spare parts. The company's production facilities covering 65,000 sq. m. release 5.2 million pieces of spare parts and more than 2,300 machines per year and supply them to most of the regions of Russia and a number of CIS countries.

### Types of manufactured equipment:

- Reversible ploughs
- Share ploughs
- Chisel ploughs
- Two-row disk harrows
- Four-row disk harrows
- Subsurface plows

## Svetlogradagromash OJSC

### General Director:

Shevelev Mikhail Mikhailovich

**Address:** 356530, Stavropol Krai, Petrovsky Rayon, Svetlograd, Kalinina Str., 103

**Phone:** 8 (86547) 4 03 29

**Fax:** 8 (86547) 4 03 34

**E-mail:** info@svetagromash.ru

www.svetagromash.ru

The company produces various modifications of single-furrow and boardless ploughs for all categories of tractors with a capacity of 75 to 530 hp, reversible ploughs, rotary cultivators under the Krotor brand for broadcast tillage, disk packing wheels, as well as spare parts for the manufactured equipment.

### Types of manufactured equipment:

- Single-furrow ploughs and their modifications
- Boardless ploughs and their modifications
- Cultivators
- Disk packing wheels

### Selmash LLC

**General Director:**

Arkhipov Igor Mikhailovich

**Address:** 446001, Samara Oblast, Syzran, Pristansky Spusk, 21

**Phone:** +7 (800222) 62 63,  
+7 (8464) 90 40 90 (reception)

**E-mail:** market-selmash@yandex.ru  
www.selmash.su

71 years in the market of agricultural equipment. Selmash was the first company in Russia to produce efficient package equipment with unique design solutions for the production of grain using the up-to-date methods.

**Types of manufactured equipment:**

- Modular disk harrows
- Cultivators
- Milling chisel ploughs
- Hydroficated hitch

АО  
Сельхозтехника

### Selkhoztekhnika JSC

**General Director:**

Trapeznikov Alexander Vladimirovich

**Address:** 623850, Sverdlovsk Oblast, Irbit, Sovetskaya Str., 102

**Phone:** +7 (34355) 6 47 10, 6 46 06, 6 47 12, 6 47 13  
**Fax:** +7 (34355) 6 47 12

**E-mail:** shtirbit@rambler.ru  
www.selhoztehirbit.ru

The company manufactures rotary mowers KRN 2,1I, spider-wheel rakes GV-6 "Country", banking hoe KON-2.8, mounted fertilizer spreader V-500, spare parts for domestic and imported forage equipment.

**Types of manufactured equipment:**

- Mounted banking hoe (5 rows)

## Sibagrotekhnopark LLC

### General Director:

Nikitin Sergey Alekseevich

**Address:** 630501,

Novosibirsk Oblast, Krasnoobsk, PO Box 367

**Phone:** +7 (383) 348 38 49, 348 12 92

**Fax:** +7 (383) 348 12 92

**E-mail:** cad@sibagro.com

www.sibagro.com

Research and production company

Sibagrotekhnopark LLC is comprised of scientific and design organizations, manufacturing enterprises, and experimental farms.

Since 2017, Sibagrotekhnopark LLC has been a manufacturer and general supplier of technologies, agricultural machinery and equipment of the well-known Siberian Agro-Industrial Centre™ brand

### Types of manufactured equipment:

- Modular ring harrow
- Section ring harrow
- 2, 3, 4-module combined tillage implement
- Mounted combined tillage implement

## SibzavodAgro LLC

### Director:

Naumov Yevgeny Viktorovich

**Address:** 644105, Omsk, 22 Partsyezda Str., 51V

**Phone:** +7 (3812) 609 150, +7 (3812) 608 338

**E-mail:** sop1@sibzavodagro.ru

www.sibzavodagro.ru

SibzavodAgro LLC offers farmers multifunctional, resource-saving agricultural equipment, which guarantees an effective result with minimal tillage, which allows farms to switch from traditional to resource-saving technologies without unjustified unnecessary costs. At the same time, the company consistently presents a range of agricultural equipment necessary for the full process chain, provides service support in all regions of the country, and also has the capability to promote the introduction of advanced agricultural technologies at specific farms in Russia and abroad.

### Types of manufactured equipment:

- Heavy spring harrow
- Hydroficated needle harrow
- Wide-level harrow-hoe
- Hydroficated disk hoeing plough
- Wide-level subsurface cultivator
- Chisel plough

### Tatagrohimservis OJSC

**Director:**

Kalimullin Rustem Salihzyanovich

**Address:** 420066, Republic of Tatarstan, Kazan, Krasnoselskaya, 51 a

**Phone:** +7 (843) 562 22 85

**Fax:** +7 (843) 562 22 86

**E-mail:** sekretar@tatagrohimservis.ru

www.тататрохимсервис.рф

Tatagrohimservis OJSC is one of the largest companies in the Republic of Tatarstan and is well known in the territory of the Russian Federation, has been operating since 1979 in many areas related to the provision of agro-industrial complex.

One of the activities of our company is the production and sale of agricultural equipment: self-propelled sprayers, trailed boom sprayers OMPShch-2500/3000 - 18-24m ("BURAN", "STORM", "TORNADO"), self-propelled seed mixers PS-20 "MAESTRO" and PS-18 "Optima".

We offer always available equipment and the full list of spare parts for our equipment in the company's warehouses.

Agricultural equipment can be purchased under the state program No. 1432 and through the Rosagrolizing leasing company.

**Types of manufactured equipment:**

- Cultivators for the complete cultivation

**Tehnika-Agro**

### Tehnika-Agro LLC

**Director:**

Rafikov Damir Ramilovich

**Address:** 423812, Republic of Tatarstan, Naberezhnye Chelny, PO box 12008

**Phone:** +7 (8552) 20 20 71

**E-mail:** tehnika-kama@mail.ru

www.kammz.ru

Tehnika-Agro LLC has the capacity to maintain the entire production cycle, as well as research and development. The supply of materials is subject to 100% acceptance control. This ensures high quality of the equipment.

**Types of manufactured equipment:**

- Deep tillers
- Heavy mulch harrows
- Hydroficated tine hitches
- Cross-over wagon

## TSA LLC

### Director:

Kustovinov Sergey Vasilyevich

**Address:** 394065, Voronezh, Patriotov Str., 75

**Phone:** +7 (473) 270 11 88, +7 (473) 270 12 65

**Fax:** +7 (473) 270 11 88

www.tese.ru

Tekhnika-Servis Companies Group was established in 1992. The company manufactures seed drills for sowing grain and tilled crops, seedbed and postseeding tillage equipment.

The second area of activities is post-harvest processing equipment: equipment for all types of grain cleaning, grain throwers and loaders, elevators, and conveyors.

### Types of manufactured equipment:

- Inter-row cultivator
- Crosskill roller

## Tractor LLC

### Director:

Andryushchenko Vladimir Pavlovich

**Address:** 456584, Chelyabinsk Oblast, Yemanzhelinsk, Lenina Str., 10

**Phone:** +7 (35138) 2 41 04, +7 (351) 220 01 28

**E-mail:** minitractor@mail.ru

www.уралец.рф

Tractor LLC produces agricultural equipment intended for farm enterprises, personal subsidiary plots, housing and public utilities and gardens of Russia. The extensive dealer network includes more than 30 representatives of the Uralets brand in the regions of the Russian Federation. Products are exported to the European Union, the Republic of Belarus, Kazakhstan, Kyrgyzstan, Armenia, Uzbekistan, and Tajikistan.

The product range includes the following: mini tractors, tractor semi-trailers, implements for the agricultural industry, public utilities, and logging.

### Types of manufactured equipment:

- Rotary potato lifting machine

### Agromaster Production Company LLC

---

**General Director:**

Islamov Ilgiz Zakiyanovich

**Address:** 423970, Republic of Tatarstan, Muslyumovo Rayon, Muslyumovo, Tukaya Str., 33 a

**Phone:** +7 (85556) 2 39 08

**Fax:** +7 (85556) 2 39 08

**E-mai:** agromaster@mail.ru

www.pk-agromaster.ru

Agromaster production company for 15 years has been engaged in the production of a wide range of sowing systems, soil tillage equipment, agricultural semi-trailers and wheeled tractor "T360".

**Types of manufactured equipment:**

- Chisel plough
- Disk cultivator
- Wide-level disk implement
- Colter disk implement
- Light cultivator
- Medium seedbed cultivator
- Disk implement
- Disk chisel
- Cultivator

**E-mail:** Agroidea@mail.ru  
www.Agroidea.ru

AgroIdea LLC was founded in 2004 in the Republic of Tatarstan. Since 2015, the company' products have been available for purchase through the system of preferential leasing at the Rosagrolizing JSC.

The company is a member of the TATNEFT PJSC group of companies and the Rosspetsmash Association and is a modern machine-building enterprise producing high-quality agricultural equipment.

### Types of manufactured equipment:

- Universal grain seeder

### Agro Komplekt LLC

**Director:**

Vanin Dmitry Vladimirovich

**Address:** 442240, Penza Oblast, Kamenka, Belinskoye Shosse, 15

**Phone:** +7 (800) 770 00 58

**Fax:** +7 (84156) 2 13 31, 2 35 23

**E-mail:** posevnaya@bk.ru

www.posevnaya.ru

Agro Komplekt LLC is engaged in the production of SZP-3,6; C3-5,4seeders; as well as spare parts and components for them. It has been working on the agricultural machinery market since 1998 (Agro Komplekt CJSC).

Over the years, the company has managed to develop production facilities with a full production cycle, which enables to minimize the use of the third-party services and thus to reduce the production costs and ensure the quality of company products.

#### Types of manufactured equipment:

- Fertilizer grain drill

### Agrocenter LLC

**Director:**

Tverdokhleб Sergey Ivanovich

**Address:** 656067, Altai Krai, Barnaul, Popova Str., 200

**Phone:** +7 (3852) 45 86 88, 45 90 03, 28 21 00

**Fax:** +7 (3852) 45 90 03

**E-mail:** sales@feat-agro.ru

www.feat-agro.ru

The Agrocenter Company has been developing its production part of the business for 14 years. During this time, a powerful production facility with its own patented designs and know-hows has been made. The company produces over 100 models of agricultural equipment for various purposes under the FeatAgro brand.

Modern methods of hardening the working tools (racks, legs, chisels, knives, discs, plowshares) used by LLC Agrocenter in the production process significantly increase their service life, performance, reduce traction resistance and fuel consumption per hectare. Working edges are processed with VK8 hard alloy (used in the mining industry) and high frequency currents that increases their resistance to abrasion and damage.

#### Types of manufactured equipment:

- Pneumatic combined sowing implements with seeding into disk (with simultaneous or separate application of granular or liquid fertilizers)
- Pneumatic combined sowing implements with seeding into shovel (with simultaneous or separate application of granular fertilizers)
- Pneumatic combined seeding implements with sowing into hoe colter (with simultaneous application of granular fertilizers)
- Pneumatic sowing implements without tillage function

## V.M. Ryazanov Belagromash-Service OJSC

### General Director:

Ryazanov Artyom Vladimirovich

**Address:** 308013, Belgorod, Dzgoieva Str., 2

**Phone:** +7 (4722) 21 16 23

**Fax:** +7 (4722) 21 16 23

**E-mail:** agrom@belagromash.ru

www.belagromash.ru

V.M. Ryazanov Belagromash-Service OJSC is one of the largest plants manufacturing tillage and other agricultural equipment. The main production facilities are equipped with the latest high-precision Japanese, German, Italian, American equipment. The dealer network successfully operates not only in Russia, but also abroad.

### Types of manufactured equipment:

- Sowing machine
- Upgraded grain seeder

## Belgorod RITM Plant OJSC

### General Director:

Mikharev Alexander Petrovich

**Address:** 308023, Belgorod, B. Khmelnitsky, 135 D

**Phone:** +7 (4722) 34 15 92, 34 46 74

**Fax:** +7 (4722) 34 16 74

**E-mail:** om\_ritm@mail.ru, bzritm@mail.ru

www.zavodritm.ru

Belgorod RITM Plant OJSC manufactures the following products:

- sowing equipment for row and grain crops
- beetroot-harvesting equipment
- poultry farming equipment
- livestock farming equipment
- The plant also offers steelworks and metalworks manufacturing services.

### Types of manufactured equipment:

- Precision pneumatic drill for beet, corn, sunflower, soybean, rapeseed
- Grain seeders with fertilizing function

### Belinskseľmash JSC

**General Director:**

Gorobets Alexander Anatolyevich

**Address:** 442246, Penza Oblast, Kamenka Chernyshevskogo Str., 1

**Phone:** +7 (8412) 45 81 35, +7 (8412) 45 86 72

**Fax:** +7 (84156) 45 86 73

**E-mail:** BSM@SURA.RU

www.BSM.SURA.RU

Belinskseľmash joint-stock company is a company with 77-year-long history, which manufactures agricultural equipment: disc harrows, cultivators for complete cultivation, seed drills, grain and spare parts for them according to OKVED 28.30.3 "Manufacturing of machinery and agricultural equipment for tillage". The main consumers are agricultural producers, both farm enterprises, and agricultural production associations, holdings owing both small land resources and large land areas.

**Types of manufactured equipment:**

- Seed-fertilizer drill
- Pneumatic universal seed drill
- Pneumatic universal cultivating drill

### Eurotechnika JSC

**General Director:**

Smirnov Vadim Nikolaevich

**Address:** 443044, Samara, Magistralnaya Str, 80g

**Phone:** +7 (846) 931 40 39

**Fax:** +7 (846) 931 40 39

**E-mail:** eurotechnika@amazone.ru

www.eurotechnika.ru

Eurotechnika JSC is a leading Russian agricultural machine building enterprise with German investments manufacturing the process packaged equipment for the cultivation of grains, oilseeds and potatoes according to the modern resource-saving methods.

**Types of manufactured equipment:**

- Pneumatic drills
- Mechanical drills

## Medvedev Mashinostroyeniye Plant LLC

### Director:

Polyakov Pavel Alexandrovich

**Address:** 302030, Kemerovo Oblast, Orel, Moskovskaya Str., 69, office 39

**Phone:** +7 (4862) 55 08 12

**Fax:** +7 (4862) 5541 11

**E-mail:** adm@orzim.ru

www.orzim.ru

The company specializes in: machining according to customer documentation with the manufacturing of parts and assemblies; production of tillage wide-coverage implements and spare parts for them; manufacture of leather and shoe presses.

### Types of manufactured equipment:

- Hitches for sowing equipment

## Klever JSC

### General Director:

Vinogradov Alexander Mikhailovich

**Address:** 344065, Rostov Oblast, Rostov-on-Don, 5-Letiya Rostselmasha Str., 2-6/22

**Phone:** +7 (863) 255 22 00

**Fax:** +7 (863) 255 20 92

**E-mail:** info@kleverltd.com

www.kleverltd.ru

The KLEVER company is a part of the Rostselmash group of companies, it is engaged in the production of grain harvesting, grain processing, utilities, forage harvesting, tillage equipment and trailed sprayers under the Rostselmash brand. KLEVER sells agricultural equipment throughout Russia, as well as in 30 countries of the world.

### Types of manufactured equipment:

- Pneumatic drills
- Precision drills

# КОЛНАГ

## Kolnag LLC

**General Director:**

Tubolev Sergey Semenovich

**Address:** 140405, Moscow Oblast, Kolomna, Astakhova Str., 4

**Phone:** +7 (496) 610 03 83, +7 (496) 610 03 66

**E-mail:** info@kolnag.ru

www.kolnag.ru

Kolnag LLC is a well-known Russian manufacturer and supplier of up-to-date agricultural equipment for intensive resource-saving technologies in the area of potatoes and vegetables harvesting, as well as for the preparation and distribution of balanced feed mixtures for cattle.

**Types of manufactured equipment:**

- Potato-planter

## Millerovoselmash OJSC

**General Director:**

Dergachev Dmitry Vasilyevich

**Address:** 346130, Rostov Oblast, Millerovo, Zavodskaya Str., 1

**Phone:** +7 (86385) 2 30 75

**Fax:** +7 (86385) 2 30 61

**E-mail:** msm161@yandex.ru www.millerovoselmash.ru

The plant was founded in 1951.

It manufactures in-demand sowing, tillage and harvesting equipment that meets market requirements and demands. Having a unique equipment, it offers exceptionally reliable and easy-to-use equipment at an optimal price, ensuring its long and efficient service life.

**Types of manufactured equipment:**

- Pneumatic block seed-fertilizer drill
- Mechanical grain seeders
- Precise row-crop drills

## NAIR LLC

### General Director:

Bandurin Vadim Vladimirovich

**Address:** 346720, Rostov Oblast, Aksay Rayon, Aksay, Lenin Ave, 1-Zh

**Phone:** +7 (863) 322 33 28,  
+7 (800) 250 69 78

**E-mail:** info@nair.su  
www.nair.su

NAIR is a high-tech manufacturing enterprise manufacturing resource-saving sowing equipment, as well as equipment for the cultivation of vegetable crops. The company's products have proved themselves in many regions of Russia and are exported to Europe, Asia and the CIS countries.

### Types of manufactured equipment:

- Sowing machine
- Grain seeder

## Omsk Experimental Plant FGUP

### General Director:

Golovanov Dmitry Aleksandrovich

**Address:** 644012, Omsk, Korolev Ave.,

**Phone:** +7 (3812) 77 67 49

**Fax:** +7 (3812) 77 63 54

**E-mail:** referent@oezomsk.ru  
www.oezomsk.ru

Omsk Experimental Plant FGUP manufactures the following equipment:

- selection equipment;
- straw choppers for combines;
- combined tillage implements;
- mounted, trailed subsoil cultivators;
- universal sowing packaged equipment «SOWER – 3600M;
- linen flax harvesting machines

### Types of manufactured equipment:

- Modular seeding machine
- Mounted selection seeder
- Manual planter

### Petrovskoye RTP JSC

**Director:**

Udovichenko Anatoly Dmitrievich

**Address:** 356530, Stavropol Krai, Petrovsky Rayon, Svetlograd, Privokzalnaya Str., 8 **Phone:** +7 (865 47) 4 23 46; +7 (865 2) 50 11 21

**Fax:** +7 (865 47) 4 47 56

**E-mail:** rtp@svet.stv.ru

www.rtp.stavropol.ru

Petrovskoye RTP JSC produces more than 50 types of low cost agricultural equipment similar to imported machines. To improve product quality, reliability and durability, new generation shops have been made for metal heat treatment, plasma and induction deposition, plasma cutting, and machining with CNC machines.

**Types of manufactured equipment:**

- Seeding machine
- Pneumatic seeding machine

### Agromaster Production Company LLC

**General Director:**

Islamov Ilgiz Zakiyanovich

**Address:** 423970, Republic of Tatarstan, Muslyumovo Rayon, Muslyumovo, Tukaya Str., 33 a

**Phone:** +7 (85556) 2 39 08

**Fax:** +7 (85556) 2 39 08

**E-mail:** agromaster@mail.ru

www.pk-agromaster.ru

Agromaster production company for 15 years has been engaged in the production of a wide range of sowing systems, soil tillage equipment, agricultural semi-trailers and wheeled tractor "T360".

**Types of manufactured equipment:**

- Mechanical seeding machine
- Pneumatic seeding machine
- Disk cultivation seeding machine
- Truck-mounted seeding machine
- Disk seeding machine
- Combined seeding machine
- Anchor seeding machine

## PromAgroTekhnologii LLC

### General Director:

Marachkova Galina Aleksandrovna

**Address:** 352188, Krasnodar Kari, Gulkevichsky Rayon, Krasnoselskiy, Shkolnaya Str., 1

Belgorod RITM Plant OJSC manufactures the following products:

- sowing equipment for row and grain crops
- beetroot-harvesting equipment
- poultry farming equipment
- livestock farming equipment
- The plant also offers steelworks and metalworks manufacturing services.

Types of manufactured equipment:

- Semi-trailed plant-top removing machine
- Semi-trailed root removing machine

## Bolshaya Zemlya LLC

### General Director:

Malkov Dmitry Vladimirovich

**Address:** 614025, Perm, Geroyev Khasana Str., building 105, app. 165, area 4

**Phone:** +7 (342) 206 57 47 (PBX)

**Fax:** +7 (342) 206 57 47

**E-mail:** ko@bzemlya.ru  
www.bzemlya.ru

The Bolshaya Zemlya plant is one of the largest Russian manufacturers of agricultural machinery and utility equipment. The plant manufactures front loaders and work tools for them, tractor dump carriers, moldboards and utility brushes.

Types of manufactured equipment:

- Mounted front loader

### Volzhsky Combine Plant LLC

**General Director:**

Rybakov Yevgeny Valentinovich

**Address:** 428028, Cheboksary,  
Traktorstroiteley Avenue, 101

**Phone:** +7 (8352)30 45 80

**E-mail:** ev.rybakov@agromh.com

Volzhskiy Combine Plant LLC was founded in 2014, it is a part of the Tractor Plants Concern LLC that produces Grade 3 and 4 harvester threshers Agromash, as well as agricultural caterpillar tractors Agromash-90TG with the 3rd drawbar category.

Types of manufactured equipment:

- Harvester threshers, class 3 and 4

### Medvedev Mashinostroyeniye Plant LLC

**Director:**

Polyakov Pavel Alexandrovich

**Address:** 302030, Kemerovo Oblast, Orel,  
Moskovskaya Str., 69, office 39

**Phone:** (4862) 55 08 12

**Fax:** (4862) 5541 11

**E-mail:** adm@orzim.ru

www.orzim.ru

The company specializes in:  
machining according to customer documentation with the manufacturing of parts and assemblies; production of tillage wide-coverage implements and spare parts for them; manufacture of leather and shoe presses.

Types of manufactured equipment:

- Harvester carrier

## Maral-Invest Independent Entrepreneur Association LLC

### General Director:

Nikitin Vladislav Borisovich

**Address:** 140300, Moscow Oblast, Yegorievsk, Smychka Str., 46

**Phone:** +7 (49640) 4 65 75

**Fax:** +7 (49640) 4 65 75

**E-mail:** maral\_invest2000@mail.ru

www.maral-invest.ru

Maral-Invest Independent Entrepreneur Association LLC is a manufacturer of self-propelled mower Meshchera E403 and spare parts. The mower has a wide range of implements: Grass windrowers, grain rotary windrowers, tedders. The equipment has proven its efficiency not only throughout Russia, but also in the CIS countries.

Types of manufactured equipment:

- Self-propelled mower complete with a conditioner and grass windrower.
- Self-propelled mower complete with a grain rotary windrower.
- Self-propelled mower complete with a swath turning tedder.

# CLAAS

## CLAAS LLC

### General Director:

Bendisch Ralph Dieter, Ritter Michael

**Address:** 350039, Krasnodar, Mirny Alley, 16

**Phone:** +7 (861) 214 10 22

**Fax:** +7 (861) 214 10 25

**E-mail:** info-clk@claas.com

www.claas.com, www.claas.ru.

CLAAS LLC is an enterprise manufacturing harvester threshers, components, grain windrowers and tractors. The company is a member of the first Special Investment Contract in Russia aimed at upgrading and localizing the production of equipment for the markets of the Russian Federation and the CIS countries.

Types of manufactured equipment:

- Harvester threshers, class 5, 6 and 7

### Klever JSC

**General Director:**

Vinogradov Alexander Mikhailovich

**Address:** 344065, Rostov Oblast,  
Rostov-on-Don, 5-Letiya Rostselmasha Str., 2-6/22

**Phone:** +7 (863) 255 22 00

**Fax:** +7 (863) 255 20 92

**E-mail:** info@kleverltd.com

www.kleverltd.ru

The KLEVER company is a part of the Rostselmash group of companies, it is engaged in the production of grain harvesting, grain processing, utilities, forage harvesting, tillage equipment and trailed sprayers under the Rostselmash brand. KLEVER sells agricultural equipment throughout Russia, as well as in 30 countries of the world.

Types of manufactured equipment:

- Trailed forage harvester
- Press balers
- Roll baler
- Rake
- Mowers
- Corn harvesters
- Sunflower harvesters
- Soy harvester
- Grain throwers
- Grain loaders
- Other harvesting equipment and machinery

## КОЛНАГ

### Kolnag LLC

**General Director:**

Tubolev Sergey Semenovich

**Address:** 140405, Moscow Oblast, Kolomna,  
Astakhova Str., 4

**Phone:** +7 (496) 610 03 83, +7 (496) 610 03 66

**E-mail:** info@kolnag.ru

www.kolnag.ru

Kolnag LLC is a well-known Russian manufacturer and supplier of up-to-date agricultural equipment for intensive resource-saving technologies in the production of potatoes and vegetables, as well as for the preparation and distribution of balanced feed mixtures to cattle.

Types of manufactured equipment:

- Two-row potato harvester
- Haulm shredder

## Kormmash JSC

### General Director:

Kolodyazhny Yevgeny Vasilyevich

**Address:** 347510, Rostov Oblast, Oryol Rayon, Orlovsky, Proletarskaya Str., 34

**Phone:** +7 (863 75) 32 6 48, 31 9 91, 31 4 58

**Fax:** +7 (863 75) 31 9 91

**E-mail:** sbitkorm@mail.ru

www.kormmash.ru

Production of cultivators for broadcast and inter-row tillage, ploughs, disc harrows and hoeing ploughs, wide drag implements, field forage choppers, grain loaders, fertilizer spreaders and other trailed and mounted agricultural equipment and spare parts.

Types of manufactured equipment:

- Harvester-shredders
- Finger-segment mowers
- Mounted grain loaders
- Combine accessories for sunflower harvesting

Краснокамский ПМЗ

## Krasnokamsk Machinery and Repair Plant LLC

### General Director:

Teplov Dmitry Viktorovich

**Address:** 617060, Perm Krai, Krasnokamsk, Trubnaya Str., 4

**Phone:** +7 (342) 255-40-51, 255-40-98

**Fax:** +7 (342) 735-15-55

**E-mail:** agro@krmz.info; info@frontlift.ru

www.agro.krmz.info; www.frontlift.ru

Krasnokamsk Machinery and Repair Plant LLC is the largest manufacturer of agricultural machinery and a laser metalworking enterprise in the Perm Krai, offering services for high-quality metal processing: laser cutting, high-precision bending, rolling, robotic welding.

Types of manufactured equipment:

- Roll baler with a thread wrapping device
- Roll baler with a net wrapping device
- Mower with a conditioner
- Speed bale wrapper

## Kuzembetyevo Machinery and Repair Plant JSC

**General Director:**  
Karimov Hanafi Hamitovich

**Address:** 423710, Republic of Tatarstan, Menzelinsk Rayon, Kuzembetyevo Sovetskaya Str., 77 A

**Phone:** +7 (85555) 351 72

**Fax:** +7 (85555) 351 72

**E-mail:** rmz-ru@yandex.ru  
www.krmz.ru

Kuzembetyevo Machinery and Repair Plant JSC produces highly efficient equipment for post-harvest grain processing, pneumatic separators with rotary barriers of the PSPB series, pneumatic sorting machines of the PSM series, universal grain cleaning machines of the UZM series, preliminary cleaning separators SPO-50 and BS-70, combined grain cleaning machine MZK-12S.

Types of manufactured equipment:

- Grain loaders
- Machine with a flax milling and cleaning device

## LILIANI LLC

**Director:**  
Nalbandyan Armen Vemirovich

**Address:** 344011, Rostov Oblast, Rostov-on-Don, Dolomanovsky Lane, 70D, office 2, Gvardeysky Business Center

**Phone:** +7 (863) 322 01 10

**Fax:** +7 (863) 322 01 10

**E-mail:** office@liliani.ru  
www.liliani.ru

Liliani LLC specializes in the development and production of conveyor hoppers, equipment for storing grain in plastic sleeves and equipment for loading hopper cars.

Types of manufactured equipment:

- Grain conveyor hoppers
- Grain packers
- Grain unloaders
- Transfer machines

## Millerovoselmash OJSC

### General Director:

Dergachev Dmitry Vasilyevich

**Address:** 346130, Rostov Oblast, Millerovo, Zavodskaya Str., 1

**Phone:** +7 (86385) 2 30 75

**Fax:** +7 (86385) 2 30 61

**E-mail:** msm161@yandex.ru

www.millerovoselmash.ru

The plant was founded in 1951.

It manufactures in-demand sowing, tillage and harvesting equipment that meets market requirements and demands. Having a unique equipment, it offers exceptionally reliable and easy-to-use equipment at an optimal price, ensuring its long and efficient service life.

Types of manufactured equipment

- Spider-wheel rake
- Conveyor pick-ups

## Navigator - Novoye Mashinostroyeniye LLC

### Director:

Galitsky Artyom Grigorievich

**Address:** 614065, Perm Energetikov Str., 39

**Phone:** +7 (342) 226 02 72

**Fax:** +7 (342) 226 02 73

**E-mail:** mail@nm-agro.ru

www.nm-agro.ru

Navigator - Novoye Mashinostroyeniye LLC is a manufacturer of trailed equipment for harvesting hay and haylage, performing the following processes: turning, raking, packing, transportation and wrapping. The company ranks first in Russia in terms of production of roll balers, and well known in the Russian market as a reliable supplier.

Types of manufactured equipment:

- Roll baler
- Rake
- Tedders
- Other harvesting equipment and machinery

### NAIR LLC

**General Director:**

Bandurin Vadim Vladimirovich

**Address:** 346720, Rostov Oblast, Aksay Rayon, Aksay, Lenin Ave, 1-Zh

**Phone:** +7 (863) 322 33 28,  
8 (800) 250 69 78

**E-mail:** info@nair.su  
www.nair.su

NAIR is a high-tech manufacturing enterprise manufacturing resource-saving sowing equipment, as well as equipment for the cultivation of vegetable crops. The company's products have proved themselves in many regions of Russia and are exported to the countries of Europe, Asia and the CIS.

Types of manufactured equipment

- Onion lifter
- Mounted plant-top removing machine

### Rostselmash Combine Plant LLC

**General Director:**

Maltsev Valeriy Viktorovich

**Address:** 344029, Rostov-on-Don, Menzhinskogo Str., 2

**Phone:** +7 (800) 250 60 04

**Fax:** +7 (863) 255 20 57

**E-mail:** rostselmash@oaorsm.ru  
www.rostselmash.com

The company was founded on July 21, 1929 Today, the company's product portfolio includes 24 types of equipment: more than 150 models and modifications: harvester threshers, forage harvesters, tractors, sprayers, various equipment for planting and tillage, etc. Products are supplied to 36 countries of the world.

Types of manufactured equipment:

- Harvester threshers, class 3, 4, 5, 6, 7, and 8
- Self-propelled forage harvesters, class 2, 3, 4, 5, and 6
- Universal self-propelled mowers, class 1 and 2
- Conveyor windrowers for harvester threshers
- Grain windrowers for harvester threshers
- Coarse stubble crop cutting tables for forage harvesters
- Conveyor roller mowers

## Selmash LLC

### General Director:

Arkhipov Igor Mikhailovich

**Address:** 446001, Samara Oblast, Syzran,  
Pristansky Spusk, 21

**Phone:** +7 800222 62 63, +7 8464 90 40 90 (reception)

**E-mail:** market-selmash@yandex.ru

www.selmash.su

71 years in the market of agricultural equipment.

Selmash was the first company in Russia to produce efficient package equipment with unique design solutions for the production of grain using the up-to-date methods.

Types of manufactured equipment:

- Front pick-up wagon
- Rotary chopper

АО  
Сельхозтехника

## Selhoztehnika JSC

### General Director:

Trapeznikov Alexander Vladimirovich

**Address:** 623850, Sverdlovsk Oblast, Irbit, Sovetskaya  
Str., 102

**Phone:** +7 (34355) 6 47 10, 6 46 06, 6 47 12, 6 47 13
